

# CHILTERN GLASS FIBRE

---

CORPORATE POLICY

## Mission

To expand their production operations through the continual surpassing of their customers expectation in terms of quality and delivery time.

## Values

Chiltern Glass Fibres main value is providing a fair working environment whereby all employees, and potential employees, have equal opportunities to progress within their organisation.

## Quality

Chiltern Glass Fibre are committed to ensuring that all their products and services meet, or exceed, their customers requirements. This is achieved through the adherence to their quality policy which is available for download on their website or upon request. Chiltern Glass Fibre assure adherence to their quality policy through their UKAS accredited Quality Manager System (ISO9001)

## Sustainability

Chiltern Glass Fibre are aware of how organisations actions affect the environment and the responsibility that organisations must reduce their impact on it. Therefore, Chiltern Glass Fibre subscribe to their own Environmental Management System to ensure that their materials, such as timber, are ethically and responsibly sourced, waste is minimised, and energy-efficiency is achieved from cradle to grave of a products lifecycle.

## Equality

Chiltern Glass Fibre understand that employees stand at the heart of their organisation and are responsible for the success of it. Chiltern Glass Fibre treats all its workers with respect and dignity and conducts its employment relationships based on fair treatment and equal opportunities. Therefore, Chiltern Glass Fibre operates a zero-tolerance approach to discrimination.
